RELEASE/HOLD HARMLESS AGREEMENT AND AFTERCARE INSTRUCTIONS

STERILIZATION NO. _____ DATE _____ STORE NO. _____

To induce _____ to pierce my ears, and in

consideration of so doing, I hereby release and forever discharge _____,

MediSystem®, their employee's affiliated companies of and from all manner of actions, causes and demands in law or in equity which I or my heirs, executors or administrators have or might have now or hereafter by reason of their complying with my request to pierce my ears.

- I am of legal age (18); if not parents must sign agreement.
I acknowledge that I am not suffering from ANY MEDICAL DISORDER or taking ANY MEDICATION that would make an ear piercing at this time inappropriate.
I understand that the possibility of infection or scars may exist due to improper hygiene, metal sensitivity or other causes.
I understand that my ears are going to be pierced with sterile, stainless steel, piercing studs.
I AGREE TO FOLLOW THE SIMPLE PROCEDURES IN THE ATTACHED AFTERCARE INSTRUCTIONS FOR THE CARE OF MY PIERCED EARS FOR THE PERIOD RECOMMENDED IN ORDER TO REDUCE THE CHANCE OF INFECTION OR SCARRING.

Name _____

Address _____

City _____ State _____ Zip _____

Tel. _____ Birthdate _____ Age _____

Signature _____

If a minor (under 18), Parent's signature:

Name _____ Signature _____

AFTERCARE INSTRUCTIONS

- Cleanse front and back of ear(s) at least twice a day with cotton ball or tissue saturated with MediSystem® PIERCED EAR SOLUTION WITHOUT REMOVING EARRINGS. Then slide the ear piercing studs forward and backward two or three times daily.
Keep hair, hairspray, soap, shampoo, and other hair preparations away from the ear. After shampooing, the ear(s) should be thoroughly rinsed with Pierced Ear Solution.
The training stud should not be removed for six to ten weeks. After six to ten weeks the training stud can be removed and other post type earrings may be worn. However, some type of post earrings should be worn at all times for the first 6 months. The post should be 14KT gold plated stainless steel.
CAUTION-Sensitivity to metal could develop after piercing.
Worn for at least 6 months after piercing.
SHOULD EXCESSIVE REDNESS, IRRITATION, SWELLING, ITCHING OR SORENESS OCCUR AT ANY TIME DURING THE FIRST SIX TO TEN WEEKS. DO NOT REMOVE THE EAR PIERCING EARRINGS. DISCONTINUE USE OF THE SOLUTION AND CONSULT YOUR PHYSICIAN IMMEDIATELY.
